- VDE/GS, protection class 2, CE
- dimensions: width 20.5 cm height 21.0 cm
depth 33.0 cm
- weight: 3.0 kg

Electrical food slicer E 18

- left-hand operated

A sturdy, well and longtime proven construction renders stability and strength to this metal food slicer.

The food is held on the left side, an advantage mainly – but no only - for sinistrals.

The detachable carriage allows to also cut off larger pieces of food. The machine is equipped with a switch for intermittent and continuous operation, a food tray and cable compartment.

The E 18 is driven by a 65 W eco motor which is 20 % more economical and just the same 50 % more powerful than the previous model.

A smooth ham- and sausage circular blade is available for every ritter food slicer.
